Moorgen Swiss Series Integrated Smart Panel Joint Installation For More Aesthetic Unified Style And Color

Moorgen Swiss Series Integrated Smart Panel Mica Black

Moorgen Integrated Smart Panel
Smart Thermostat - Smart Socket
Joint installation for more aesthetic
unified style and color

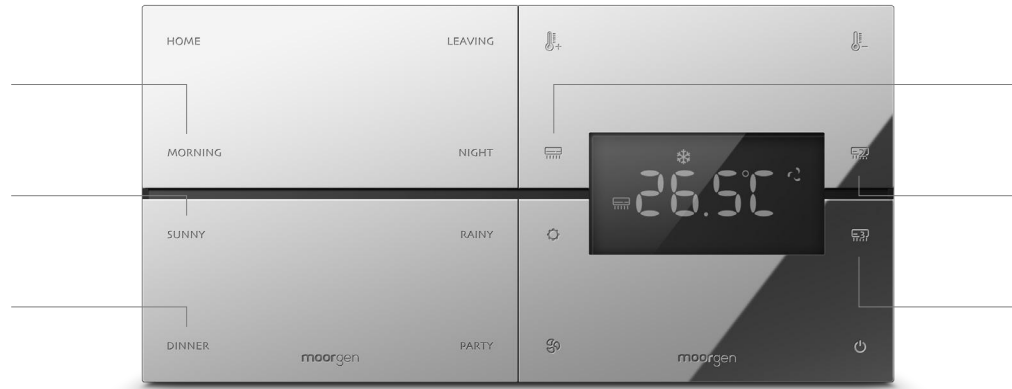

Vertical Panel For Narrow Spaces

Moorgen Swiss Series Smart Panel
Vertical panel can be installed on walls
where the space is relatively narrow,
and it can still maintain a very
nice appearance
Germany is the country with
the most vertical panels, as is a
local fashionable aesthetic.

Viewing control

Curtain control

Lighting control

Aircon control

Floor heating control

Fresh air control

A three-in-one Smart Thermostat Panel
can replace the original three traditional panels
for aircon, floor heating and fresh air

Press with Vibration Feedback

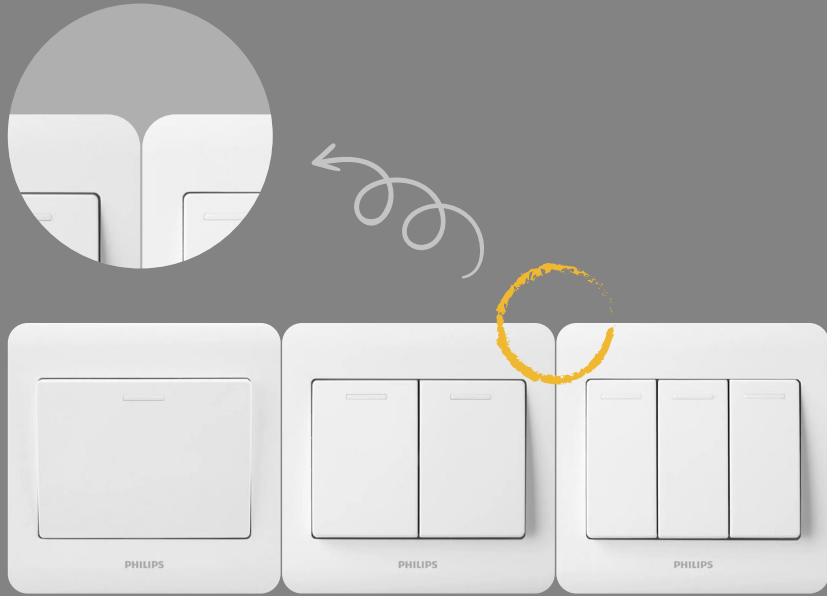

When a key is pressed,
the panel will have a vibration feedback,
the owner can clearly feel that
the panel has received the command

The key text can light up

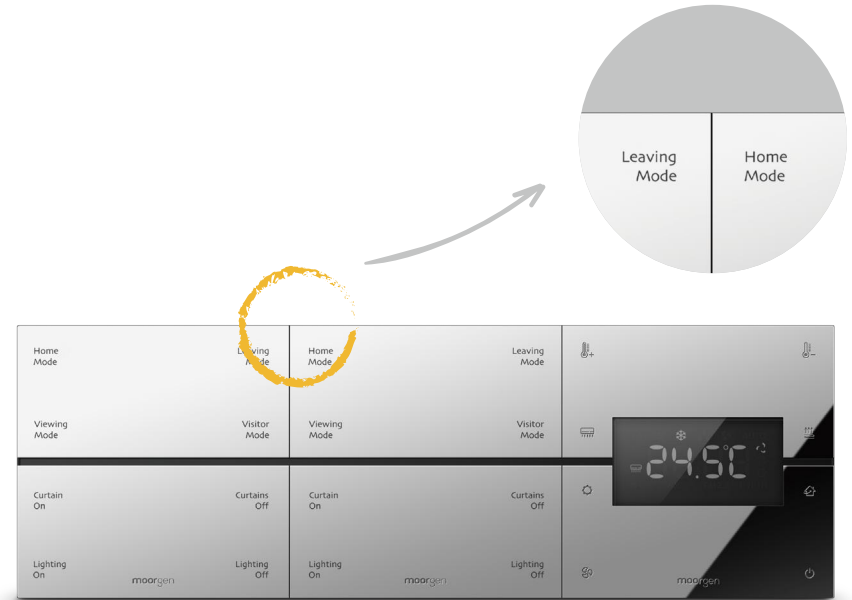

No matter dark or bright in the space
Convenient for users
Make it clearly

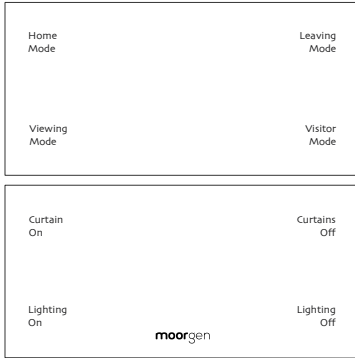

Traditional Panel Round frame design

Traditional panels are designed for its round frame
So when two or more panels are installed together
there will always be
an uneven surface

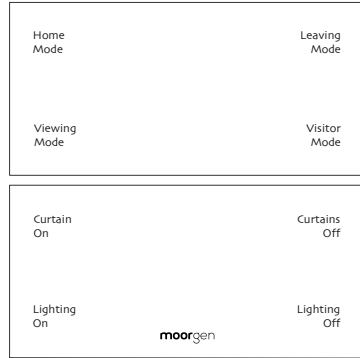

Moorgen Smart Panel Right Angle Frame Design

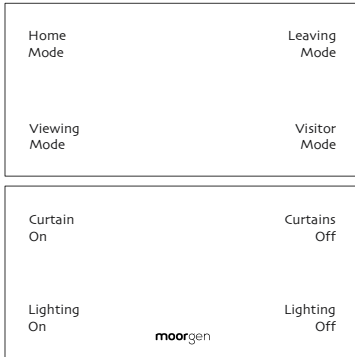

Moorgen Smart is the first in
designing right angle panel
When the panels are installed together
"integrated" seamless splicing can be achieved
More visually pleasing and unified
